

EN Quick Start Guide

2

1. Download the Rain Bird app

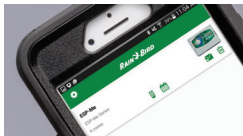

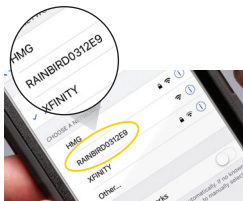

2. Verify WiFi strength with your phone

Use your phone to verify the WiFi signal strength at the controller installation site.

3. Record the serial number

4. Insert the LNK WiFi Module into the controller's accessory port

5. Activate Hotspot mode

Push the button to place the device into AP Hotspot mode. The light will alternate between red and green to confirm you are in hotspot mode.

6. Locate and connect to the network with "RAINBIRD" in the name of your device's WiFi connection menu

7. Open the Rain Bird app and follow setup wizard instructions to complete installation
