Wall Fixings

E

x1

Leader Hose

Tools Required

Adjustable Spanner, Electric Drill and $\frac{3}{8}$ " (9.5mm) Drill Attachment

ASSEMBLY INSTRUCTIONS

Mount the Crank Handle (C1) on to the Hose Reel (A) using the Through Bolt (C2), Washer (C3) and Nut (C4).

Ensure the Crank Handle (C1) rotates before securely tightening Nut (C4).

Place Mounting Bar (B) on the wall and mark fixings. Drill 4 x 12mm diameter holes - 70mm deep.

Insert the 4 Masonry Wall Anchors (D2). Tighten 4 Fixing Bolts (D1) securely.

Ensure the Hose Reel has free left & right movement.

Connect Leader Hose (E) to the Hose Reel Outlet (A).
